RULES OF THE DAY

1. Commandment is the KEY — single him on top in tris/supers. Pace-adj #1.
2. Right to Party (30-1) is the PRICE play — don't skimp. Bombs hit in pace meltdowns.

3. NO Win bet on Renegade or Further Ado. Use Renegade in 2nd/3rd. Drop Further Ado to bottom slots only.
4. Verify R7-R11 entries Saturday morning before punching Pick 4/5/6. R7-R11 had no scratches Friday but check again.
5. No bets after the gates load. If you're refreshing odds in the last 2 minutes, you're done betting.
6. Reserve \$20+ for late line moves. If RTP drifts past 30-1, hammer him again.
7. Tomorrow morning: re-run the model with the latest scratches before printing the FINAL sheet.
